will be spent in a comfortable 4-star hotel in Munich's city center, such as the Platzl Hotel, with dinner at a charming traditional restaurant.

Day 2: Munich - Weltenburg Abbey - Regensburg
This morning, a transfer will whisk you from the Bavarian capital to the border of Lower Bavaria with the Upper Palatinate, leading you to the famous Weltenburg Abbey at the Danube Gorge. This monastery is nestled within one of Germany's most beautiful river landscapes, with a significant Roman border and military road established here as early as 45 AD. With over 1000 years of history, this Benedictine monastery has a rich and eventful past. After a guided visit, you'll embark on a picturesque boat trip through the stunning Danube breakthrough. Your e-bikes will be waiting for you at the pier in Kehlheim, and you'll cycle along the increasingly mighty Danube to the former Free Imperial City of Regensburg. You'll cross the famous Stone Bridge to reach your hotel on the Danube island for the night.

Day 3: Regensburg - Bavarian Forest/Cham
After breakfast, you'll embark on your second cycling stage. You'll consistently follow the beautiful course of the Regen river, passing through magnificent deciduous forests, river meadows, and natural landscapes. For our lunch break, we've chosen an excellent spot in Roding, widely known as the gateway to the Bavarian Forest. Continuing along the many meanders of the Regen, you'll soon reach today's destination, Cham.

Day 4: Bavarian Forest/Cham – Furth im Wald – Domazlice / Bohemia
A stroll through Cham, with its over 1000-year history, will enchant you once more before you begin today's cycling stage. Initially, you'll follow the Cham river, which quickly leads you to Furth im Wald, the "City of the Dragon's Sting." The Drachenstich, Germany's oldest folk play, attracts tens of thousands of visitors to the city each year. Your guide will tell you more about the festival and the technology behind the world's largest four-legged walking robot. From Furth, the German-Czech border is just a few kilometers away. On the Bohemian side, the path continues to Domazlice.The route is mostly flat, following small roads and cycle paths. Your destination is Domazlice, a charming town renowned for its beautiful arcaded market square.

Day 5: Domazlice – Pilsen
The charming town of Domažlice, nestled in unspoiled natural surroundings, will captivate you. Its center features numerous colorful Renaissance houses with arcaded walkways. Founded in the 13th century, the town once served as an important royal stronghold and today stands as a fine example of a thriving Czech town. In the Middle Ages, the local inhabitants were responsible for defending the border and were therefore exempt from working the aristocrats' fields. By regional train, you will reach the village of Holýšov on the banks of the Radbuza River. Following the gently meandering river on our e-bikes, you will arrive at the Chotěšov Monastery, an important convent in what was then western Bohemia, dating back to the early 13th century. You will then pass through beautiful landscapes dotted with small villages on your way to Pilsen, the world capital of beer. A well-deserved Pilsner from the original Pilsner brewery provides the perfect end to the day and rewards you for any climbs along the route.

Day 6: Pilsen – Beroun
Before setting off on your cycling tour, you will explore the city center of Pilsen with us. Here, you can admire the third-largest synagogue in the world as well as the tallest church tower in the Czech Republic. Leaving Pilsen, you will follow the Klabava River by e-bike, passing through many small, idyllic villages, including the sleepy town of Rokycany. Soon, the beautiful rolling hills of the Brdy Nature Reserve welcome you along the way to the town of Dobřív. Here, you will marvel at a 14th-century stone bridge and a perfectly preserved 17th-century water mill – the largest of its kind in the country. Your destination for the day, Beroun, invites you to linger. Together, you will explore its medieval old town on foot. Dinner at a local restaurant.

12.09.2027 - 19.09.2027 - Accommodations - Munich - Prague

Price per Person in a Double room	3185 €
Price per Person in a Single room	3510 €

Day 7: Beroun – Karlštejn Castle – Prague
On your final cycling stage, you'll first ride along the spectacular river valley of the Berounka. Soon, you'll reach Karlštejn, a high-Gothic castle built as early as 1348, renowned far beyond the country's borders. Just before Prague, the Berounka flows into the Vltava, which will now guide you directly into the city center of Prague. The Czech metropolis is considered one of the most beautiful cities in the world. An evening city stroll and a refined dinner will be the crowning conclusion to your impressive cycling tour.

Day 8: Departure from Prague
After breakfast, your incredible e-bike journey concludes. You'll enjoy individual onward travel or begin your extension program in Prague.

Route assessment: Total distance: 303 km by e-bike. The path quality varies, ranging from excellent asphalted cycle paths to unpaved farm and forest tracks. For the most part, you'll be cycling on dedicated bike paths and minor roads, with only occasional sections experiencing light traffic. Please note that some strenuous climbs, particularly in the Czech sections, require a good level of fitness or an e-bike.
