## Accomodation Finca

### [Rural Monnaber Nou 4\\*5](#)

The building, located about 2km from Campanet, was built in the 13th Century when the Moors ruled Majorca. It is a very charismatic witness of the impressive history of this island. Since the 16th Century, this estate was used as a mansion and has therefore been kept in outstanding condition over the years and has preserved the old stone walls. On this wonderful premises you will find an old olive press and a windmill from the year 1680. Along with the comfortable rooms, there is an outdoor pool, an indoor pool and the spa and wellness centre with whirlpool, sauna and steam room for sheer relaxation.

### [Finca son Roig Porreres 4\\*](#)

This historical country house, which is located about 5km outside of Porreres, was first restored scrupulously and properly several years ago. A haven of peace and relaxation was created with an astonishing attention to detail. The excellent restaurant was housed in the former wine cellar and it is here that the Majorcan cuisine is being newly interpreted. The rooms provide a pleasant stay and are decorated in a classic style. After each day on the bike, you can spend time by the luxurious pool in the shade of the lemon trees.
